04/13/2019 to 05/11/2019

Trumpet, fencing, theater, cooking

Dear American family,

My name is Basile and I live Courbevoie, a city near Paris and I study in a Catholic School called St Croix de Neuilly and famous for his choir.

I have one older sister called Céleste (18 years old) and two older brothers : Théodore (20) and Hippolyte (16). I have been raised in an Catholic family.

In my free time, I play the trumpet in an orchestra. I love listening to music and even more playing it. I would be interested to play in a schoolband.

I'm in a theater class and I do fencing. This is a great sport. But my most favorite activity is cooking. I really enjoy it and french and italian cuisines are delicious. I would be glad to discover american cuisine and to cook for you! I would like to work as a chef later.

I have never been to the USA and I hope that I can come and have a good time with you. I would like to discover American culture, how school and life are in your country, which seem exciting and very different than in France. And make new friends who maybe will visit us in France!

To go in a Catholic family sharing the same faith and values as I and my family is important for me.

I am thankful for your hospitality and hope to see you soon.

Basile

My family
