

FREE LUNCH FOR ALL STUDENTS!!!

What's New in Your Schools?

School meals from Chartwells also come with peace of mind. Our health and safety protocols have always gone above and beyond federal, state and local health department regulations. And now additional training, pre-shift health screenings, gloves, masks, physical distancing and sanitation measures help assure the safest environments possible

Starting October 1st and continuing through December 18th ALL students in LCSS can receive a free lunch at school regardless of Free/Reduced/Paid status thanks to the new USDA waiver.

- **One lunch per student. Lunch includes: main item, milk and fruit and vegetable sides.**
- **An extra entrée or milk will cost extra**
- **If a student brings their lunch and wants a milk they will need to purchase it**
- **Extra items at CC will still be offered at the normal cost to students**

We will do our best to always provide what is listed on the menu but with the increased numbers this may not always be possible and substitutions may have to happen. So we appreciate your patience and understanding
